

SPECTRUM HEALTH

*Point-of-Care Ultrasound: Documentation
and Billing Overview*

Matt Flannigan, DO
ACEP Oct 30, 2017

Disclosures

- Small amount of stock in Nanosonics (Trophon)

Project Goals

1. Improve professional and technical fee capture
2. Improve exam documentation
 - a. Patient FIN
 - b. Provider IDs
 - c. Video clips of minimum exam views
 - d. Indication and interpretation
3. Improve clinical transparency
 - a. Images- radiologist, ob, surgery, cardiology
 - b. QPath reports shared via EMR

Scope of Project (Phase I)

Grand Rapids Emergency Departments

- Butterworth- 100,000 adults / year
- HDVCH- 50,000 pediatric / year
- Blodgett- 28,000 combined visits/ year

7 Zonare ultrasound systems

New Billing Worksheet

- ✓ Ability to place technical fee order immediately
- ✓ Selectively bill for components of exam ie. EFAST, Hypotensive Exam
- ✓ Ability to order independent of exam's preset
- ✓ Selectively transfers patient care exams to EMR and PACS
- ✓ Creates a duplicate set of images for each billable exam in PACS

Weekly emails to physicians with missing documentation

Results

Technical Fee Orders

- Cerner Order (Mar 2014 – Feb 2015): 1991
- QPath Order (Mar 2015 – Feb 2016): 3976
- Clinical + Educational Exams: 7033 vs. 7383 (+5%)

Net Result: 96% increase in order capture

PMID: 28646595

Highlights

Significant improvements to physician workflow!

- Immediate scanning- no pre-exam order
- Bedside documentation
- Bedside order placement
- Improved billing clarity ... hypotensive exam

Improved interspecialty communication

Improved technical and professional fee capture

Challenges

- Information into incorrect fields → RegEx or Qview
- Inability to send QA feedback to EMR
- Lack of automated incomplete documentation reports
- Transfer process failures?
- Patient with multiple exams
 - Each exam has its own billing worksheet: TA OB and TV OB or E-FAST
 - 1st billing worksheet triggers QPath automation
 - Attending and operator fields do not consistently match

Regional Departments

Phase II (completed: Jan 2016)

- Zeeland- 20,000 combined visits/ year
- Gerber- 25,000 combined visits/ year
- United- 25,000 combined visits/ year
- Big Rapids- 25,000 combined visits/ year
- Reed City- 20,000 combined visits/ year
- Kelsey- 10,000 combined visits/ year

Phase III (projected completion: Jan 2018)

- Pennock- 20,000
- Ludington- 25,000
